

Our client, Possibilities Clinic, offers assessments and treatments for children and adults with neurodevelopmental differences. They are experts in ADHD, Tourette Syndrome, ASD, Learning Disabilities, OCD, anxiety and mood disorders. Clinicians can choose their preferred patient populations and develop new programs for assessment and service delivery. You would be supported by a team of in-house registered health professionals for the assessment and treatment of your patients.

Thrive in creative clinical options designed with your strengths and passions in mind! Join the Possibilities Clinic family as an:

## **Adult Psychiatrist or a Child & Adolescent Psychiatrist for Virtual or In-Person Service**

As a Tertiary Clinic, Possibilities utilizes a dynamic and innovative model of care deployed by medical and mental health professionals. The Team Model allows psychiatrists to work with other medical and allied health professionals, including other psychiatrists, when discussing a focused range of diagnoses and treatments. Their in-house Neuropsychiatrists, with extensive experience in neurodevelopmental disorders across the lifespan, offer daily consultative support.

This opportunity is perfect for you if you are seeking:

- A specialized setting working with a focused practice and population
- No call
- A high level of administrative support
- The opportunity to work 100% virtually from anywhere in Ontario, or in-person in Toronto or a combination
- Opportunities to consult daily with other physicians and staff
- Access to Possibilities clinicians for consultations and evidence-based psychotherapy treatments
- Advanced training and educational opportunities
- The ability to work full-time or part-time
- A collegial and supportive environment

The clinic uses Indivicare EMR (based on Oscar), and their efficient administrative team provides a high level of service, performing all bookings and billing support and associated tasks such as copying and mailing. Report and consultation note templates ensure maximum efficiency in charting as well. Payment structure is fee-for-service. The range of potential annual earnings is \$300,000-\$400,000 for full-time work.

**You can work virtually from anywhere in Ontario, in-person at their subway accessible Toronto office, or create a combination that works for you.** If you choose to work in-person, Toronto is heralded as one of the most multicultural cities in the world. Residents of Toronto enjoy a safe, friendly city with access to parks and recreational activities, world-class schools and universities, and exciting cultural and sporting events.

Successful candidates will possess an FRCPC in Psychiatry or equivalent, or an FRCPC in Child and Adolescent Psychiatry or equivalent, and be eligible for Ontario licensure.
