

Saskatchewan Health Authority

Generalist Psychiatrist – Weekend Locum

Saskatchewan Health Authority – North East, is seeking a Generalist Psychiatrist for weekend locum work, typically from 5pm Friday to 8am Monday. The successful candidate will possess a strong team approach and join a collegial group practice of Psychiatrists who enjoy a broad scope of practice including outpatients, acute care and shared call responsibilities.

The University of Saskatchewan, College of Medicine, has a province-wide model of distributed medical education designed to foster a province-wide College. The College has a well-resourced framework across the continuum that results in quality community partnerships, successful and comparable students across all sites, elevated community health, and better graduate retention in communities.

Job Benefits

Compensation for this position is \$5,000.00, plus accommodations, meals and mileage. For further information, please see saskdocs.ca for the full job posting.

Job Qualifications

Candidates must hold certification with the Royal College of Physicians and Surgeons of Canada (Royal College). Proof of COVID-19 vaccination will be required to become a member of Practitioner Staff and provide care in Saskatchewan Health Authority facilities.

The Victoria Hospital is a regional hospital with 164 acute care beds including an 8 bed intensive care unit that provides services to a population of 80,000 which includes northern and northeastern Saskatchewan.
